Bring your GVR card and sign in at the door.

Weekly presentations that are mind-expanding, informative and challenging

October 3

“The Muddle East” Dr. Stephen Stillwell, Jr. semi-retired academic librarian and historian, who has spent much of his academic career studying the history and issues of the Middle East, will try to bring some sense and understanding to the geopolitical relationships of this most confusing, complex and obscure region of the world.

October 10

“Raytheon Support to the American Warrior” Kent Laughbaum, retired Air Force fighter pilot and missile systems program manager will show examples and explain a number of the weapons that Raytheon designs and builds for the US military, with the focus on air launched missiles.

October 17

“Restoring the Mexican Gray Wolf to the Southwest” Craig Miller, Defenders of Wildlife representative, has worked many years to help restore “El Lobo” to the wilds of the Southwest. He will share his experience with the recovery effort and details of the Range Rider Program which has been a big asset in increasing the “Gray's” population from less than 10 to over 100 today.

October 24

“The Aging Eye” Dr. Brent Hartzell, optometrist on staff with Barnet Dulaney Perkins Eye Center will discuss such topics as cataracts, macular degeneration, glaucoma, dry eye and diabetic eye disease - discussing the nature of each condition, diagnostic approaches and current and upcoming treatments.

October 31

“Rex Allen – Arizona's Singing Cowboy” Kelly and Terry Rowden, friends of the Willcox-born singing cowboy movie and TV star of the 1950's, will tell about his life and career as an actor, singer and song writer. Kelly will also play and sing some of Rex's most memorable music.
